NEW JIS ORTHOPEDIC PRIORITY CARE CENTER WILL IMPROVE PATIENT ACCESS, CONVENIENCE AND EXPERIENCE

No appointment necessary

NEW ALBANY, Ohio - [JIS Orthopedics](#) has announced the opening of an [Orthopedic Priority Care](#) center that will improve patient experience and convenience by offering immediate access to quality orthopedic surgeons and specialists.

No appointment is necessary at the JIS Orthopedic Care Center, which is open 8:30 a.m. to 3 p.m. at 7277 Smith's Mill Rd, Suite 120 in New Albany. The center is designed to make waiting for orthopedic care a relic of the past with patients bypassing the typical delays experienced in hospital emergency rooms and receiving prompt attention from JIS Orthopedics providers.

"Sometimes making an appointment just doesn't get patients connected to their doctors quickly enough, especially with orthopedic injuries," said [JIS Orthopedics' Zackary Byrd, MD](#), a board-certified surgeon specializing in hip and knee surgery. "Furthermore, there are no orthopedic physicians at many emergency facilities like ERs and Urgent Cares, and the wait times there can be stifling."

"We at JIS recognize these things and to show that we're in it for our patients we are offering a way to skip the waiting room and the time it takes to make an appointment with a referral," Dr. Byrd said.

JIS Orthopedics' experienced providers can treat acute orthopedic conditions across all age groups, including:

- Strains and sprains

- Muscle and joint pain
- [Sports injuries](#)
- Acute orthopedic injuries
- Elbow, hand, wrist, hip, knee, and shoulder injuries
- Fractures and other musculoskeletal injuries

JIS Orthopedics is a partner practice of OrthoAlliance, an Ohio-based management services organization formed in partnership with leading Midwest physician practices and Revelstoke Capital Partners, a Denver-based private equity firm. The company is building one of the country's leading orthopedic management organizations, providing operations, marketing, and patient experience expertise and resources to partner practices working at the forefront of life-changing advances in orthopedics and sports medicine.

Since 2019, OA has grown quickly to 200+ physicians and more than 2,000 employees.
