

FOR IMMEDIATE RELEASE

OrthoAlliance Expands Reach with New Satellite Offices in Zanesville and Gahanna

Columbus, OH, October 7, 2024 – OrthoAlliance, one of the Midwest's leading orthopedic networks, is proud to announce the opening of two new satellite offices in Zanesville and Gahanna, Ohio. These expansions will allow OrthoAlliance's partner practices, [JIS Orthopedics \(JIS\)](#) and [Orthopaedic Associates of Zanesville \(OAZ\)](#), to deliver exceptional orthopedic care to more patients across the region.

The new JIS satellite office in Zanesville is at 2854 Bell Street, OAZ's primary location. JIS physician [Dr. Nicholas Walla](#), a fellowship-trained sports medicine specialist, will provide advanced orthopedic care at this location twice a month. OAZ will open a new satellite office at the Orthopedic Foot & Ankle Center (OFAC) office located at 725 Buckles Ct. N. in Gahanna, where [Dr. Benjamin Pulley](#), a fellowship-trained hip, knee, and trauma specialist, will expand the scope of services provided to the local community.

"We are thrilled to welcome Dr. Pulley to Gahanna and Dr. Walla to Zanesville," said Matt Crill, OrthoAlliance VP of Operations – Central Ohio. "Their expertise, combined with the strength of the OrthoAlliance network, allows us to provide integrated, patient-centered care that ensures our communities receive the best possible orthopedic care in the region."

The Gahanna office opening strengthens the collaboration between OAZ and OFAC, with OrthoAlliance uniting their services to meet patient needs better. Dr. Benjamin Pulley expressed excitement about the new location, stating: "The Gahanna office is furthering the relationship that our practice has with OFAC through OrthoAlliance. My presence in the office will allow for treating orthopedic conditions beyond the foot and ankle, including hip and knee disorders and fractures of the upper and lower extremities. It will allow me to help serve the growing patient population east of Columbus. It is a convenient central location for preoperative care and follow-up for surgery patients at Pickerington Surgery Center and Mount Carmel New Albany Surgical Hospital."

Dr. Nicholas Walla is also eager to bring his expertise to Zanesville: "As an Ohio native, I understand the challenges of finding appropriate healthcare outside of the major four Ohio cities. Zanesville is a community that I strive to help, restoring function—not only on the athletic field but also in returning to hobbies and interests. I am excited and honored to help serve this wonderful community!"

These new offices are part of OrthoAlliance's ongoing mission to expand access to high-quality orthopedic care across Ohio. By working with respected orthopedic practices like JIS Orthopedics and Orthopaedic Associates of Zanesville, OrthoAlliance ensures that communities large and small can benefit from expert care close to home.

About OrthoAlliance

OrthoAlliance is a nationally leading patient-centered, physician-led management services organization that helps orthopedic practices grow and thrive in an ever-changing healthcare

landscape. Formed in partnership with leading Midwest physician practices and Revelstoke Capital Partners, a Denver-based private equity firm, in 2019, OrthoAlliance's partner practices feature 200+ physicians across all orthopedic and sports medicine specialties. OrthoAlliance strives to attract the most talented physicians and staff and deliver the highest-quality care in the industry.

About JIS Orthopedics

Founded in 1972, JIS Orthopedics has been an innovative leader in orthopedics with nationally recognized physicians. With three Ohio clinic locations in New Albany, St. Clairsville, and Zanesville and more than 150 years of collective experience, JIS specializes in total joint replacements, sports medicine, and general orthopedics. Their team of ten physicians and more than 80 staff members is committed to getting patients back to living a vibrant, pain-free lifestyle.

About Orthopaedic Associates of Zanesville

Since 1969, Orthopaedic Associates of Zanesville's experienced doctors and staff have been the leading orthopaedic providers for Zanesville and the surrounding areas. Committed to individualized, compassionate bone, joint, and muscle care for every patient, their experts provide superior care without compromise.
